

Appl. No. 10/583,450  
Amendment dated: August 6, 2010  
Reply to OA dated: April 9, 2010

This listing of claims will replace all prior versions and listings of claims in the application.

**Listing of Claims:**

1(canceled).

2(currently amended). Film according to claim [[1]] 20, wherein the polyolefin layer and the jointing layer are co-extrusion laminated with the PCTFE layer.

3(currently amended). Film according to claim [[1]] 20, wherein the PCTFE layer is made of a homopolymer PCTFE.

4(currently amended). Film according to claim [[1]] 20, wherein the PCTFE layer has a thickness of at least 20  $\mu\text{m}$ .

5-17(canceled).

18(currently amended). Film according to claim [[1]] 20, wherein the polyolefin is polyethylene.

19(currently amended). Film according to claim [[1]] 20, wherein the polyolefin is polypropylene.

20(previously presented). Film for packaging liquid pharmaceutical or cosmetic products containing components with a large reactivity, comprising a first homopolymeric polyolefin layer which is polyethylene or polypropylene, a jointing layer of a copolymer of ethylene and glycidyl methacrylate(EGMA) and a layer of polychloro-
